PRESS RELEASE

FOR IMMEDIATE RELEASE

February 2, 2015

Contact: Douglas Kendall, City Clerk, (607) 432-6450

WINTER STORM UPDATE

(As of 10 am, Feb. 2, 2015)

- Snow, heavy at times, is predicted to continue through late morning before tapering off to scattered snow showers this afternoon.
- City crews worked through the night, and will continue plowing until the end of the storm event.
- The “No - On Street Parking Ordinance” is in effect when 2-½ inches of snow has fallen. No parking is permitted on City streets until roadways can be cleared. **During the day today, cars parked on city streets will be ticketed and towed.** Information on retrieving vehicles may be received by calling City Police at 432-1111.
- City parking lots are available. Regulations have been suspended through 5 pm, Wednesday, February 4, 2015. At that time, the parking lots will be cleared of remaining snow so cars must be removed from the surface parking lots and the top floor of the parking garage.
- Oneonta Public Transit buses are currently operating on the regular schedule, with the exception that the SUNY Oneonta route is operating with one bus rather than two, due to cancellation of classes at the college. Call 432-7100 for updated information.
- If residents are able, it will be very helpful if fire hydrants are cleared of snow.
