THE
TERRACE
 AT THE UNITED METHODIST CHURCH

THE TERRACE

A brick walkway was inspired by the discovery of leftover original bricks from the 1904 church building construction. Initial plans were announced during the 2004 Centennial Celebration.

The space in front of the church has been unused, devoid of shrubbery, and poorly drained. An oval-shaped brick and bluestone terrace will become the centerpiece with the large, stained glass windows as the backdrop.

Engraved brick pavers will honor our church family. The setting will be enhanced with shrubbery; daffodils and geraniums will continue to border the new sidewalk.

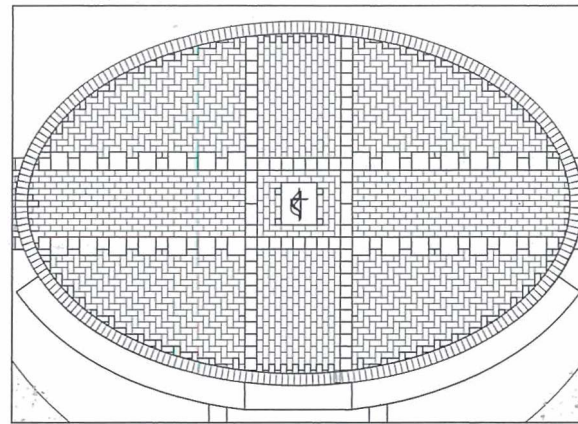

The Terrace will provide a gathering place for fellowship, celebrations, remembrance and meditation. Benches and a seating wall offer respite on a busy day or during a village walkabout.

The landscape plan is designed by Templeton Landscape Architecture & Planning, Cooperstown. Installation will be done by local contractors.

THE LANDSCAPE PLAN

Detail of terrace plan showing brick paver design

A terrace and new landscaping will revitalize the front lawn of the church and present inviting space to all who walk or drive by one of Cooperstown's busiest intersections.

Objectives

- Usable assembly space
- Reduced maintenance
- Handicap accessibility
- Concrete sidewalks
- South side parking upgrade
- Parsonage landscaping

Features

- United Methodist logo
- Engraved brick pavers
- Bluestone seating wall
- Stone benches
- Flowering shrubs
- Fernleigh Greenhouse flowers

ENGRAVED BRICK PAVERS

The 20 ft. x 32 ft. oval terrace will be paved with engraved bricks which have spacers to allow drainage. Proceeds from the sale of pavers will be used to fund the landscaping project. The bricks will honor our church family — members and friends, young and old, living and deceased, nearby and distant.

A 4 in. x 8 in. brick allows 3 lines for text with 14 characters per line, including spaces and punctuation. An 8 in. x 8 in. brick allows 6 lines. All text is a standard size, style, and uppercase font. Symbols cannot be used.

Suggestions
